HILLTOP IS ACCORDED PREMIER POSITION BY LAMBETH IN FOOTBALL

"Mooch" Moriarty and Harry Costello Land Places on All-Star Eleven, Latter Coming In for Praise-Orange and Blue Ranked Second to Hilltop Outfit.

By W. A. LAMBETH,

(Director of Athletics, University of Virginia).

Football in the South occupies a more dignified position today than at any time during its history. The game was first played at some of the Virginia colleges during the season of 1887. It was then that a few ex-Yale men, who were taking graduate work at the University of Virginia, are credited with having introduced this form of sport. At that time the game was regarded as a sport only, and the teaching authorities looked upon it with some suspicion and accepted it with more reluctance. Disciplinary authorities tolerated the game with a hope of finding some relief and aid in minimizing the difficultes of their tasks. College faculties gave no thought to its value as an educational influence

From Virginia and from other centers the game spread rapidly, so that within six years, or by the fall of 1892, football activities were seen in nearly every Southern State university as well as in many of the independently endowed institutions, and its influence has now pervaded practically every Southern preparatory school.

FACULTY CONTROL IS INCREASING.

of the sport as it was related to intercollegiate life, and made out their own
schedule of games, both as to time and
place. But as the importance of the
game itself and its opportunities for
educational service became manifest and
was recognized by school authorities. Its
conduct and management became more
and more vested in the faculties. In
State universities and, to some extent,
in independent schools, faculty committees are not only becoming prominent but paramount, as to eligibility of
players and also in the schedule making; in other words, from complete and
unaided student control, the government
of athletics is becoming a faculty government with student initiative only. mfittees are not only becoming prominent but paramount, as to eligibility of
players and also in the schedule making; in other words, from complete and
unaided student control, the government
of athletics is becoming a faculty government with student initiative only.

Along with this development of the
control of the game, increased study
and interest in its higher usefulness has
brought to light the fact that if the
game is to be preserved it must no longer be looked upon as only a great spec-

game is to be presented in the state of the looked upon as only a great spectacle with which the college world and populace is to be thrilled and excited in the same manner as by a buil fight but that games should be arranged between institutions whose alumni are, by the nature of their training, filled with kindred spirits. Under these conditions the contest is one of great pleasure, interest and tenefit to the participants and to the spectators. A preparatory school would get small comfort by de-

Games must be arranged which are based upon principles of genuine friendly rivalry and not upon the principle of settling an argument as to which particular team is the stronger. Such considerations quickly cause the contests to degenerate into coarseness and brutality, and viciousness and ill feeling take the place of gentlemanly courtesy and fine conduct. It is in recognition of these principles that tesy and fine conduct. It is in recognition of these principles that we see slowly but surely crystallizing a tendency of institutions to group themselves together—State universities in one group, agricultural and mechanical colleges in another group, and separately endowed institutions, etc., in still another group, but should be a recognized principle that neither team should sacrifice its talents powers or resources which are needed for their own specific and accepted duty.

The game last season, as it devel-oped among the leading Southern inmore perfect developments of the forward pass and the open game generally. The rushing feature held its own with the season of 1917, particularly at North Carolina Agricultural success in doing that which they undertaile to do, the Alabama Polytech-nic Institute team must be given first place, for it did well and conclusively the work the schedule makers laid out derbilt for the honors of the Southern Intercollegiate Association, and succeeded in 1913 in defating the "Commodores" in a hard but well fought contest in that section Vanderbilt ranks second, with Georgia third. Vanderbilt opened an uphill season with a small squad of vet-erans, two of the best of which were lost through injuries—Brown, one of the best of Southern tackies, injured in the Michigan game, and Morgan, certainly the best Southern center, injured in the Virginia game. Georgia, with the reappearance of much old material and a large influx of new but exprienced. a large influx of new but experienced men, built up a team with which it easily conquered the Georgia Techs. Tennessee, by its close game with Vanderbilt, made good its demands for cognition as an element in Southern

In the South Atlantic division the in the South Atlantic division the scores of games make it impossible to give a satisfactory rating, for each of the leading contestants were defeated by some other team in the division. If first place must be given it should probably go to Georgetown, for that team defeated Virginia by one point in a crucial game. Georgetown was defeated in an early season game by the feated in an early season game by the strong North Carolina A. and M. Yet it must be said that the team which played against A. and M. was not the team which played against Virginia. played against virginiated which played against virginiated team which which played against virginiated team which which team which which played against virginiated team which which wh

ended.

Virginia's position in second place can hardly be questioned, having won from three Southern State universities and Vanderbilt. Moreover, but for an unfortunate mishap in the last second of play, which gave Georgetown a safety.

Virginia would have been the winner in that contest. Teams of the winner in that contest.

best men from the entire section, who deserve places on the All-Southern eleven, the task is much easier. As to the center, there were no competitors. Murheady and ferociously aggressive, long- Karl Nieminen, of Worcester, finished als. permitting but six armed and powerfully knit together, he in the order named.

In their early days students, unaided by higher authorities, formulated their own codes of eligibility, when such codes existed at all, directed the policies of the sport as it was related to intercollegiate life, and made out their own codes in the sport as it was related to intercollegiate life, and made out their own codes of the sport as it was related to intercollegiate life, and made out their own codes of eligibility, when such particular contents and played have with well-conceived and particular conceived a

would star on any team. He is as good a drop-kicker as Brickley, a better punter, and far more dangerous when carrying the ball.

McWhorter, of Georgia, was the strongest running halfback in the South. Not only is he a powerful runner, but very shifty and deceptive. For full-back we select, with some hesitation, Tenny, of North Carolina Agricultural and Mechanical. He was the most powerful running back in the South.

DEGIN IN ONE HEEK

District Champion Starts August 17.

With but a week to declare the cham-

pions in the several leagues which are to be factors in the post-season series bwil with the season of 1917, particularly at North Carolina Agricultural and Mechanical and at Washington and Lee. The defensive feature has always been a weakness in Southern football and it continued so during all of last season If we are to measure the standard of teams by their the standard of teams by their the standard of teams by their division for every day of next week division here, preparatory to meeting Rich-By pursuing the above plan, a detailed schedule of which follows, it is expected that a sectional leader will have been established in time to start a post-season series between the three sectional champions, on August 17. The local title will be established by the end of that week, and six days will then be provided for rest before the inter-city series is compared. Eastern, pennant winner in the Po-

tomac; Postoffice, which gained the flag in the Departmental, and Ninth, the best in the East Washington Sun-day School, will not clash unless they come togteher in the final fight for tot honors, which appears to be most like

placing the teams, for it gives a chance for a "dark horse" to develop in each of the divisions and maintains interest for the deciding set of games.

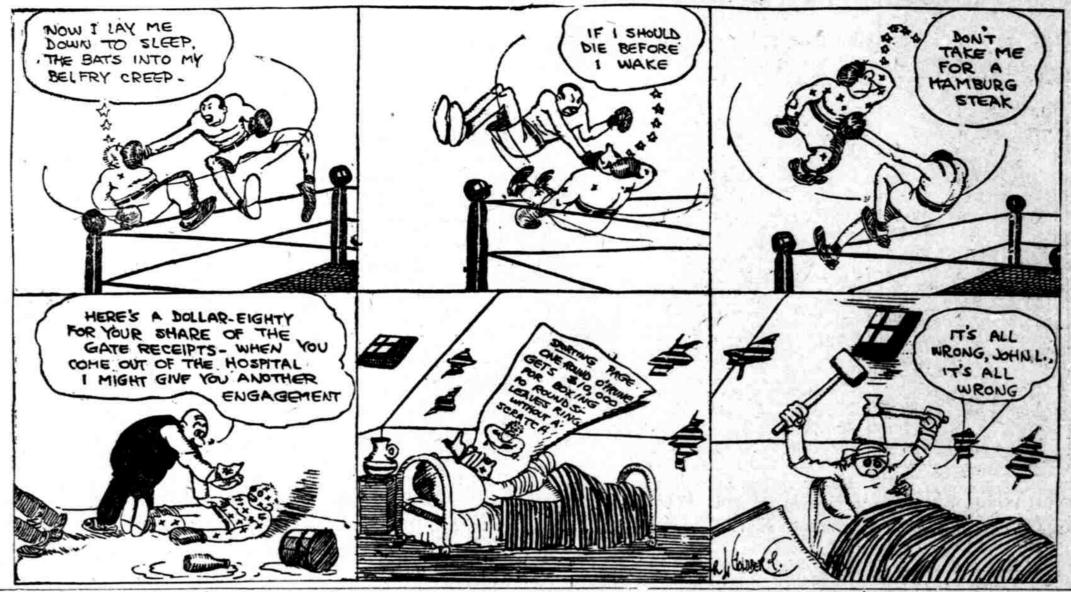

Each competing team in the postseason is required to deposit \$15 with

the association, a meeting being set for Thursday at 8 p. m. at Spalding's for purpose and to arrange other de-s. All games will be started at 6:15. Umpires will be named at a later date.
The list of dates, the team named first being the home club, is as follows:

team which played against Virginia.

Georgetown opened its season with many stars absent from the line-up. College Y. M. C. A., N. W. S. S. grounds; 11, pride and college pressure, however, was strong enough to rout them from grounds; 12, Railway Y. M. C. A. vs.
